info@lksystems.se

This declaration of conformity is issued under the sole responsibility of the manufacturer (or installer):

Equipment: (RSK, LVI, NRF)

RSK	LVI	NRF	Name	Model identifier
1882667	4579741	5052132	LK CubicSecure	LTCS01

Description:

LK CubicSecure is a water fault circuit breaker that continuously measures water flow as well as pressure and can detect both large and very small water leaks. The unit also closes automatically of the water in case of leakage. The water fault circuit breaker has a compact design for easy installation in cabinets and cramped spaces such as under a water heater. Brand name: LK Systems AB.

The object of the declaration described above is in conformity with the relevant community harmonization legislation:

RED: Radio Equipment Directive, 2014/53/EU

For compliance assessment, harmonized standards were used:

RED

- EN 301 489-17 V3.2.4
